TrafficPeak | OBSERVABILITY PLATFORM
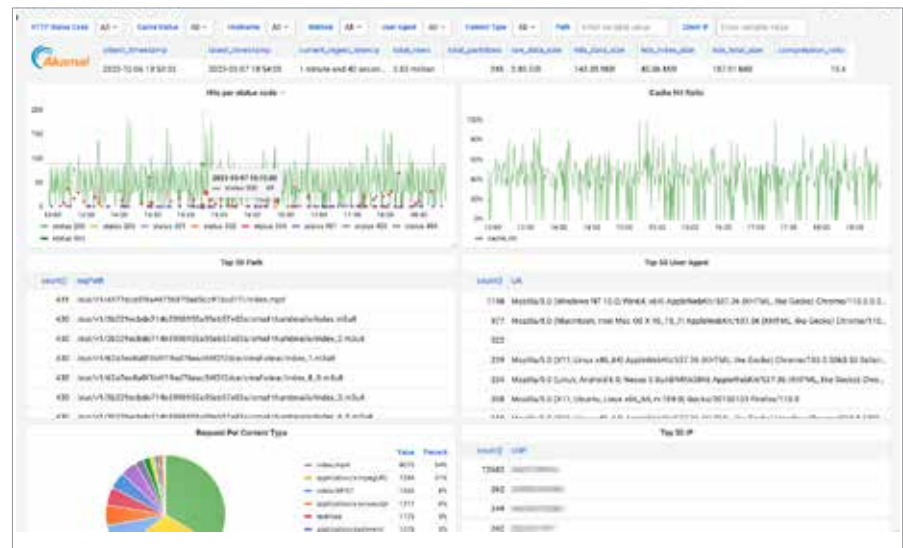

› Ingest and query massive amounts of data in seconds

› Retain data for at least 15 months

› Pay 75% lower cost than other providers

› Give users a fast and secure digital experience to keep them wanting more

TRAFFICPEAK OVERVIEW

With TrafficPeak™ on Akamai Connected Cloud, detect and address performance and security issues proactively, before they impact your users. Retain more data for longer at a fraction of the cost compared to other providers.

With built-in or your preferred dashboards, see your most important data to uncover trends, mitigate issues and make customer-centric business decisions.
